

## Fee Schedule

The pricing structure below allows you to choose a pricing structure that meets your counseling and financial needs. Should you choose the option to pay the amount in advance, the amount due is payable on the first appointment of the month, is non-refundable, and covers the allotted number of sessions for a 30 day period. If an appointment needs to be rescheduled, there will be no extra fees assessed as long as the appointment is rescheduled within the same 30 day period. Additional sessions will be priced at the “pay per session” rate of **\$120.00** per hour for the number of sessions above the original number chosen.
